

Muth Retires after Twenty Years of Service.

Carolyn Muth served as Finance Director for the Board retiring as the Director of Internal Operations. She served as Interim Co-Executive Director as the Board searched for a new Executive Director.

Carolyn served as a member of the Finance Committee for the Ohio Association of County Behavioral Health Authorities where her knowledge and skills were shared with other Mental Health Boards throughout the State of Ohio.

Carolyn played a vital role in many projects through the years. During her most recent years with the Board she worked as part of a team to transition from the state ran billing system (MACSIS), that was used for 14 years, to the new Board ran billing system (GOSH). She served as Richland County's lead on the development of GOSH and was instrumental in implementing GOSH contracts in multiple Ohio counties.

Executive Director Joe Trolian said, "the Board will miss Carolyn's institutional knowledge that came from her years of longevity working in the Behavioral Health System".

The staff of the Board wishes Carolyn the happiest of retirements!

Richland County Mental Health & Recovery Services Board

FY2019 Annual Report

Thank you to all
Richland County
first responders!

THE BOARD WORKS CLOSELY WITH
TREATMENT PROVIDERS AND ORGANIZATIONS
TO ENSURE A STRONG CONTINUUM OF CARE SO
THOSE WHO SEEK SUPPORT HAVE WHAT THEY
NEED TO FULFILL THEIR TREATMENT NEEDS.

Reaching out to those in need!

“we want to provide opportunity so that **all** those in need have the treatment options needed to **move to and maintain recovery.**”

what we stand for

THE BOARD SUPPORTS ALL METHODS OF TREATMENT IN ORDER FOR OUR
CLIENTS TO ACHIEVE RECOVERY

Over the years the Richland County Mental Health and Recovery Services Board has taken on initiatives and worked to implement new and progressive treatment methodologies/philosophies.

This Board believes in an individuals right to pursue the treatment that is best suited for their needs. We will continue to evolve and embrace evidence based treatment modalities with our contract agencies as they deliver services to residents of Richland County. We will embrace the treatment that is best suited for the needs of each individual we serve.

In 2015 the Board began the evolution of our Recovery Oriented System of Care (ROSC) into a Trauma Informed Recovery Oriented Community of Care (TIROCC) with a focus on strengthening the delivery of services to residents of Richland County.

As we began working on a TIROCC we

began to focus on an approach that not only looked at the needs of the people we serve but also on the needs of our service delivery system. Our focus was to

ensure our system was stronger than ever with a broad continuum of care. The Board hired a consultant who looked at services, programs, organizations, and staffing. The Board completed the same assessment that contract agencies were

required to complete.

Through these assessments we identified areas of strength as well as areas where improvements would be made. We focused on what was best for those we serve as well as the staff that were working within the system. We developed a system Strategic Plan based on areas of improvement that were identified by the contract agencies and the Board. We have been working this plan since its implementation and accomplishing the goals that were established through our collaborative work. For more information on our Strategic Plan go to www.richlandmentalhealth.com.

In FY20 we will be doing some assessment update for our TIROCC and implementing a resiliency piece to the program. We believe resiliency is a key component to managing ones wellness.

Executive Director

change is growth

PROMOTIONS, RETIREMENTS AND HIRING BRING ABOUT
CHANGE AT THE BOARD

In FY19 Joe Trolan, Executive Director, reorganized the Table of Organization due to changes at the Board. These changes were due, in part to the retirement of Carolyn Muth.

Sherry Branham was promoted to Associate Director. This promotion added additional duties to her job description including Human Resources and Finance. Sherry will continue be the manager of the Board's capital projects and facilities, policies/procedures, public relations, and various programs.

Carey Vogt was hired as Finance Manager. Carey is responsible for financial reports to federal, state and local governments. She will serve as the primary financial officer for all Board administered funds keeping the Executive and Associate Directors up to date on all financial matters.

Mike Sizemore was hired as Enrollment Specialist and his primary responsibility is GOSH enrollments, determining eligibility for enrollment, data entry and back up to the Administrative Assistant.

FY19 RICHLAND COUNTY MENTAL HEALTH & SUBSTANCE ABUSE STATISTICS

	Mental Health	Addiction Services
Adult	3579	2843
Children	2511	448
Total	6090	3291

The above numbers reflect publicly funded services.
